The VISITOR SIM CARD by Bluesky Cook Islands - Terms and Conditions

1. This agreement begins upon the activation of the Visitor SIM. By sending the activation message you are accepting, in full, the terms and conditions set out in this agreement.
2. The Visitor SIM card is active for 30 days only. After 30 days, the Visitor SIM will deactivate and any unused allocation of data, minutes, text and any unused TOP-UP credit will expire (ie: 30 days after activation).
3. Users are not able to purchase any other data bundles or promotion packages for this SIM. Once the package is used up, users can then purchase more credit and will be charged standard rates. Local promotional TOPUP bonuses will not apply to Visitor SIM users.
4. Visitor SIMs are allocated a Mobile Phone Number. This number belongs to Bluesky and does not belong to the end user. Once the SIM is deactivated the number is recycled and reused by Bluesky.
5. In the event your Visitor SIM is deactivated at the expiration of 30 days from activation and you wish to continue using services with Bluesky, you will be required to purchase a new Visitor SIM Pack with a new mobile number. You will enter a new agreement with us on the activation of your new Visitor SIM.
6. You are not to use the Visitor SIM for any abusive, illegal or fraudulent purposes or in a manner which may cause damage to the Bluesky network, business or reputation.
7. We will use our best efforts to ensure service reliability with your Visitor SIM. However, network coverage and many other factors may affect the availability and performance of the Visitor SIM. Also, all our mobile network services are subject to device capabilities, network limitations and availability. Therefore, we cannot guarantee that the Visitor SIM will provide you with continuous connectivity or be fault-free.
8. If the PIN request function is activated on your Mobile Device and the PIN is entered incorrectly three times in a row, the SIM card will automatically lock. To unlock the SIM card you will need the PUK code. If you continue to lock your Mobile Device by incorrectly entering the incorrect PUK code, you will destroy the SIM card and lose any contacts stored on the SIM card. You will then be required to purchase a new SIM card which comes with a new PUK code and mobile number.
9. You can come into any one of our outlets to configure your mobile device to our network and we can assist you to insert and activate the SIM.
10. Your Visitor SIM is non refundable.
11. In this Agreement 'Bluesky' means Telecom Cook Islands Limited t/a Bluesky; 'SIM' means subscriber identity module; 'Mobile Device' means the mobile device that you use to access the services provided by the Visitor SIM.
